

A free, debt-free resource for your students

Lite Tuition helps students raise money for the cost of higher education, debt-free. Free to share, with nothing for your school to set up.

How Lite Tuition works

1

A student starts, for free

They add a title, a goal, their story, and a photo. About ten minutes.

2

Our team reviews it

A real person reads every campaign before it goes public. They hear back within 48 hours.

3

Their community gives

Family and friends give through PayPal, and can cover the fees so the full gift counts.

4

Funds go to the school

Sent to the student's school, in care of them, toward tuition. Never cash, never a loan.

Why share it with your students

- ✓ Free to use and free to share, with nothing for your school to run or host.
- ✓ A real option for students facing a tuition gap, alongside scholarships and aid.
- ✓ Campaigns can be public or private, and every one is reviewed before it goes live.
- ✓ Tuition-based schools can offer it to students and parents seeking help, too.

Good to know

Free to start

Creating a campaign is free, with nothing for a school to set up.

\$10 minimum gift

Supporters give any amount from \$10 and up, through PayPal.

Funds go to the school

Released to the institution, in care of the student.

Reviewed and safe

Every campaign is checked before it is public.
